Introduction

SUMMARY

The laugh-out-loud musical tells the timeless story of a recent college grad named Princeton who moves into a shabby New York apartment all the way out on Avenue Q. He soon discovers that although the residents seem nice, it's clear that this is not your ordinary neighbourhood. Together, Princeton and his new-found friends struggle to find jobs, dates, and their ever-elusive purpose in life.

Set Packages

SUMMARY

Our Avenue Q Set is a static main build-up of the traditional three houses. The set is designed with full access to all first-floor windows as well as featuring practical doors to each house and a fire escape on stage left. Each house has a periactoid as the ground floor window which rotates to create the various locations required including the hospital, Around the Clock Café, interior of Princeton's House, Kate Monster's lounge and bedroom, as well as Rod and Nicky's lounge.

In addition, various items of furniture are supplied, including the upright bed for Nicky and Rod. Also included in the set hire are eight 'Purpose' Packing Box Puppets.

The main build-up height is 16 foot and the minimum width required is 26 foot. The set comes supplied with a sky backcloth which measures 40 foot by 20 foot. We can supply cloth clips to shorten this if required.

As an optional extra, we can supply two 60 inch video screens with steel deck stands to be placed either side of the stage for displaying the visuals supplied with your license.
