SUMMARY

An eccentric inventor, Caractacus Potts sets about restoring an old race car from a scrap heap with the help of his children Jeremy and Jemima. They soon discover the car has magical properties including the ability to float and take flight. Trouble occurs when the evil Baron Bomburst desires the magic car for himself. The family joins forces with Truly Scrumptious and Grandpa Potts to outwit the dastardly Baron and Baroness and their villainous henchman, the Child Catcher.

Chitty Chitty Bang Bang Car

AS FEATURED ON BBC'S STRICTLY COME DANCING!

Scenery Solutions are proud to stock a fully featured Chitty Chitty Bang Bang car for hire. The car is included as part of the set hire or can be hired separately subject to availability.

Dimensions: 378m (L) x 128cm (W) x 140cm (H).
Weight: 450kg (approx.)

The car is built on a welded steel subframe on castors, with integrated hydraulic lines connected to two hydraulic jacks. These are remotely operated (minimum 16A capable supply required) and can angle the car to 20+ degrees.

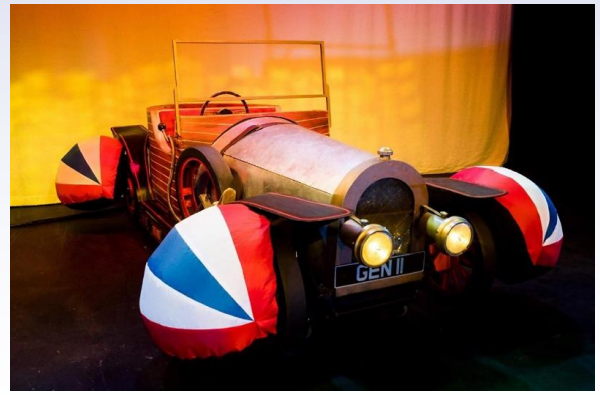

In-built wings on the side and front are controlled by pulley from within the vehicle, and DMX control offers a range of electric features including headlights and sidelights, interior cabin actor lighting, SL (driver's) side wheel motors and control fans for inflatable side pillows.

All electrical systems are run off a high-capacity 12-volt battery, which can power the car for up to 10 performances without recharge. A wireless DMX sender and receiver can be supplied for the DMX elements at an extra charge if required.

This is a large and fully featured set piece which is delivered as a complete unit. Hirers should ensure that their theatre has appropriate access on stage given the weight and dimensions of the car.
